Bachelor Of Science (Maths)

Swami Vivekanand University

07/2017 - 04/2020

Sagar, M.P. (India)

12th (Intermediate)

S. R. Inter College

07/2016 - 06/2017

Orai, U.P. (India)

PROJECTS

Customer Relationship Management App

github.com -> midikaif -> CRM-App

02/2023 - Present

Achievements/Tasks

- Developed customer management web application using API and Bootstrap to streamline customer relations
- Applied Bootstrap for developing UI using HTML and CSS for a better user experience
- Delivered an efficient customer management application that saved time spent on manual data entry and show the customers in one place
- Tested the app to ensure bug-free operation and smooth user experience

News App Using ReactJS and bootstrap

github.com -> midikaif -> News-App

02/2023 - Present

Achievements/Tasks

- Developed a ReactJS News App featuring an infinite scroll that displays news
- Implemented Categories in Navbar to show news category-wise
- Implemented fetch to grab data from a news API
- Utilized React Router Dom to enable navigation between different components
- Used GIT for version control and tracked project development
